ABANDON PLANS FOR COUNTRY CLUB

Inability to Secure 250 Members Cause Dropping of Project

TO TRY NEXT SPRING

Need Ninety More Members to make Club—Julian Burke Will Endeavor to get Required Number of Members

The organization of a country club in this city has for the present been abandoned. This is due to the fact that the promoters of the movement unable to secure a charter membership of 250.

Up to last night only 160 names were secured on the charter roll which is ninety less than it was deemed expedient to start with.

Julian T. Burke, one of the promoters of the movement, stated today that he would make an effort to raise the required number in the spring. However, all plans for the present have been abandoned and the option secured on certain land in Alexandria county, which it was proposed to use for the club, has been thrown up.

The plans mapped out for the operation of the club provided for an initiation fee of $50 and dues of $50 a year plus war tax.

SEEK PEACE IN TREATY

Three New Compromise Moves Now Under Way in Senate

Three new treaty compromise moves are in the making in the Senate, where the best informed observers now have given up hope that the bipartisan conferences in Senator Lodge's office will "get anywhere."

This belief persisted today, in spite of mysterious assurances by Lodge that the conferees had "agreed on something" at yesterday's session.

He would not divulge what the agreement covers, but said it is not article 10 or the Lenroot reservation on voting power. This leaves the Monroe Doctrine and Shantung, the other chief points of controversy, and it was generally believed that if anything was agreed on, it was Shantung.

Compromise moves which are to be tried when the failure of the Lodge conferences has been demonstrated are:

1. Mild reservationists propose to move that the treaty be called up in the Senate, to give everybody who has reservations an opportunity to offer them in open session. This would involve reopening the whole treaty debate.

2. Senator Underwood announced he will seek a vote on his resolution for an official conciliation committee stating that such a committee could at least poll the Senate and present conclusive evidence as to the possibility of compromise.

If the poll showed no compromise possible, the Senate could then turn in earnest to some other means of bringing about, officially, a state of peace with Germany.

The fire was one of the most spectacular in New York's downtown district in years, although the money daamge was comparatively slight.

SONG AND STORY FOR CONFEDERATES

Celebration Held at Lee Camp Hall Last Night

DELIGHTFUL PROGRAM

Veterans Tell War Stories—Refreshments Served—Affair Largely Attended and a Big Success.

The Mary Custis Lee-Seventeenth Virginia Regiment Chapter, U. D. C., gave an "Evening of Song and Story with the Confederacy," last night in Lee Camp Hall. A silver offering was taken at the door to apply towards the chapter's quota to the State U. D. C., fund for the care and preservation of the tomb of General Robert E. Lee, at Lexington, on the Lincoln, coast to coast, Highway.

Mrs. George T. Klipstein, Mrs. Louis N. Duffey and Miss Corinne Milburn were in charge of the affair, and after the program was rendered refreshments were served, with Mrs. George Prior Anderton pouring chocolate and Mrs. John Wallace Monroe presiding at the coffee urn. Miss Charlotte Watson, Miss Nellie Selden Uhler and Miss Mary Ellen Harryman assisted, wearing gowns of the early 60's. Miss Uhler wore the gown worn by her maternal grandmother, who was Miss Eliza Selden, at the wedding of her sister, Miss Nellie Selden, to John Augustine Washington, the last owner of Mount Vernon.

Miss Watson's gown was one worn by her aunt during the war, and Miss Harryman wore a black lace robe that had belonged to her great-grandmother.

The program was as follows: Piano, Dixie, by Miss Richards; Address by Dr. Henry Lewis Smith, read by Mrs. William J. Morton; solo, Carry me back to Ole' Virginny, Miss Moore; Personal experineces of the war, Mr. Edgar Warfield, Sr., Adjutant of R. E. Lee Camp Confederate Veterans; piano duet, Mrs. George E. Warfield and Miss Richards; personal experiences of the war, Mr. Patrick F. Gorman, Sr.; piano, Miss Hilda Schneider; reading, The Sentry, Miss Evelyn Howard; talk, Captain Beattie; solo, Old Black Joe, Signora Paolo Tucceimi; Piano, Miss Ethel Fantes. A letter was read from Dr. J. W. Duffey, who was unable to be present.

The entertainment was a complete success and the large parlors and halls of the building were filled to overflowing.

It is hoped these affairs will be given from time to time with other veterans giving their remincences.

TENDERED SURPRISE PARTY

J. Sid Douglas Twenty-One Years Paying Teller of Citizens' Bank

The associates of J. Sidney Douglas the veteran paying teller of the Citizens' National Bank, tendered him a surprise party last night, it being the twenty first anniversary of his connection with that institution.

The young ladies of the bank served, in the most attractive manner, an unusually tempting menu, and a most enjoyable evening was spent.

Mr. Douglas has seen the deposits of the bank grow from $350,000 to $2,000,000 during this period, and in spite of the number of years to his credit on the service record, vies with the youngest employe in furthering the interests of the bank.

LARGE CROWDS SEE COMEDY

Packed to the doors at every performance, and unable to handle the immense crowds, the first evening performance of Mack Sennett's great comedy, "Yankee Doodle in Berlin," went over with a rush at the Ingomar Theatre last evening and prospects for equally good business this afternoon and tonight are excellent.

The picture is good in every detail, the comedy running riot throughout and many good laughs were brought to the surface during the hour and 20 minute run of film.

An added attraction last evening was the appearance in various costumes of five of the Mack Sennett girls and they were applauded at practically every appearance on the stage. During part of the specialty portion of the program, they wore costumes furnished by the Bendheim Store and the evening and street gowns shown were things of beauty—copies of models imported direct from Europe.

The girls appeared at the Bendheim Store in a further review of new fashions, this morning, and although the weather was direct against the show, a reasonably large number of people witnessed the parade.

"Yankee Doodle in Berlin," will be repeated for the last time at the Ingomar tonight.

STATE LEGISLATURE RESUMES SESSION

Battle Against Prohibition Department During Present Week

AVALANCHE OF BILLS

Clerks Flooded With Measures Proposed—Suffrage Leaders Prepare to Force Through Ratification

Richmond, Jan. 21.—After adjournment since early Friday afternoon, the General Assembly of Virginia convened again yesterday at noon and once more took up its task of formulating laws for the people of the Old Dominion.

Unless all signs fail, the fight over the abolition of the State Prohibition Department will begin this week. On Friday, Delegate Kenneth N. Gilpin and fifteen co-patrons introduced the bill which would put the department absolutely out of business and cause the office of Prohibition Commissioner to become only a memory. Every effort will be made to have early action taken on the bill in committee, it is said by one in touch with the inner workings of the House.

After its introduction, the prohibition bill was referred to the Committee on Moral and Social Welfare. The chairman of this committee is Mayo C. Brown of Lynchburg, The committee numbers twelve, besides Mr. Brown. No bill abolishing the department has been offered in the Senate yet, but one is expected during the week.

During the three days in which the Legislature was in session last week 174 bills were introduced and referred to committees. Of this number, 124 bills were offered in the House and fifty in the Senate. Many of the House bills provided for amendment to sections of the new Virginia Code which went into effect at midnight on January 13.

Not until late in the week will bills begin to come to the floors of the two houses. Most of the work in the next few days will be done in committee.

This week also promises to be the one in which the first gun will be fired in the battle for ratification of the equal suffrage amendment to the United States Constitution. It is indicated that Senator G. Walter Mapp of Accomac will introduce the bill in the upper House, with Senators Trinkle, Corbitt and Paul as co-patrons. A long list of names will be attached to the bill which will be offered in the House, it is learned.

On the first day of the session Senator J. E. West of Suffolk, introduced a bill in the Senate providing for amendment of the State Constitution to permit women to cast their ballots.

Antisuffrage lobbyists have been busy in the Capitol since the sounding of the gavel which called the houses to order for the first time was ranped. Delegate Ozlin, of Lunenburg will be the patron of a bill providing for the rejection of the Federal suffrage amendment.

New York, Jan. 21.—The New York World in its leading editorial today declared for Herbert C. Hoover for President. The World, a Democratic paper, has been a strong supporter of President Wilson.

"We should be glad to support him as an independent candidate on a platform of progressive liberalism. We should not hesitate to support him as the Republican candidate on a platform representing the kind of government which Mr. Hoover has exemplified in his public career."

PLAN RESCUE AT SEA

Passengers of Disabled Powhatan to be Transferred to Northern Pacific

Boston, Jan. 21.—Preparations are being made to transfer the 271 passengers aboard the army transport Powhatar disabled at sea, 200 miles south of Halifax, N. S., to the transport Northern Pacific, according to a radiogram picked up at the Navy Yard here today. A howling gale had been raging about the crippled transport since she broke down Sunday afternoon, but today the weather was reports moderating, making possible transfer of passengers at sea. The Northern Pacific will take passengers from the Powhatan to New York, the message said.

The United States coast guard cutter Acushnet was reported steaming up the coast from New Bedford today to join the ships standing by the Powhatan. The shipping board steamer West Comet is trying to tow the Powhatan to Halifax. The White Star liner Bardic started to tow the Powhatan during the night but the Bardic's port propeller became disabled.

The United States navy destroyers Sharkey and O'Leary are near the Powhatan, and the Canadian government steamer Lady Laurier which left Halifax to help the West Comet tow the disabled transport was reported nearing the scene today.

UNGRATEFULNESS OF REPUBLICS

No amount of explanation made by members of the French Senate and Chamber of Deputies as to the fine but futile distinctions they are able to make between acclaiming the Clemenceau of 1918 as the "Father of Victory" and the Clemenceau of 1919 as an aged politician for whom the country has no career and no rewards, will remove from the French political leaders the reproach of base ingratitude. This just judgment is pronounced by the Philadelphia Ledger. That France has lived up to the classic reputation of republics will not redeem the situation created by the rejection of Clemenceau's candidacy for president, since if ever there was a time in history when a nation could afford to ignore all precedents and upset all normal procedure, this was the time. France should have proved to the world that it did recognize the services of its grand old man by giving him the only gift within its power that would add a little official glory to the last days of his public life. It is, of course, easy to say that the presidency means nothing, but it is for the very reason of its comparative unimportance, when contrasted with the premiership, that the honor of its refusal or its occupancy should have been offered to the man who made victory possible. The world, however, unaffected by the parochial currents of the French provincial politics, will be impressed by the failure of the caucus to rise to the occasion.

ADMIRAL SIMS'S FAUX PAS

Many newspapers are devoting considerable space to Admiral Sims' charges against the Navy Department and incidentally against Secretary Daniels. It would be well for all to suspend judgment until the Secretary of the Navy shall have been heard.

In his own behalf, Secretary Daniels has sent to Chairman Page, of the Senate subcommittee, a denial that he made any such statement as Admiral Sims attributed to "high person in authority in the Navy department," that "We would as soon fight the British as the Germans." The remark is said to have been made just before the American declaration of war was made against Germany.

As a cotemporary says, "that the man who commanded the American naval forces in European waters should have been guilty of such a diplomatic faux pas as to quote from memory this statement of an individual that was doubtless made in a jocular manner or in a spirit of momentary irritation, or, at the worst, as carrying the meaning that were England the guilty nation instead of Germany the United States would similarly act for civilization is most remarkable. The same applies to the other part of the statement of not letting England pull the wool over your eyes, a harmless bit of colloquial warning against being brought too much under the dominancy of England. We were not going into the war to support England. We were going into the war in defense of Belgium, to right our wrongs, to succor France, and for the wider ends of civilization.

"Whatever course the investigation may follow that will be undertaken as a result of the Sims charges, the idle verbal tittle-tattle should be ignored.

It is regrettable to have to say that whatever the demerits of the naval administration, or how well-based may be some of the allegations made by the Admiral, the fact that he could be guilty of reciting this bit of verbal extravagance to the Senate committee for world wide publicity indicates that there is a degree of animus in the breast of the Admiral that will tend to vitiate confidence in much else of a purely official nature he has charged against the department.

Whatever may be discovered to the detriment of the Daniels administration, Admiral Sims has grieved many of his admirers by his uncalled for recitation of the bit of unofficial colloquy.

MR. BRYAN'S NEW ISSUE

Mr. Bryan has a fresh political Jack in his box to spring upon the public, for the entertainment and edification of those who, like the Athenians, have a hankering after new things. Good showman realize the importance of a new feature each season, and, like Barnum and Bailey's circus, Mr. Bryan rarely fails to give us a novel thriller in every campaign in which he is specially interested.

According to a correspondent, his sensation this year will be a moral issue, or an immoral issue, depending upon the point of view from which it is contemplated. He proposes to insert in the Democratic platform a plank denouncing double moral standards for men and women, and demanding the immediate establishment of a single standard. He thinks this would especially appeal to the women of the country and that they would flock en masse to the Bryan banner.

So far as novelty is concerned Mr. Bryan would be nearly 2,000 years too late to make this issue seem entirely new. It seems to us that the single moral standard was emphasized in Palestine by a meek and modest teacher a good while before Mr. Bryan was born, and with out reference to political campaigns. The trouble ever since has been to enforce it. The male criminals who do not observe it deserve reprobation. But how will making them an issue in politics put a stop to their wickedness? The church has been trying to reform them for ages, but it has not yet fully succeeded. How does Mr. Bryan propose to succeed? Will he advocate an enlargement of the White Slave law, a sort of nation wide moral dragnet which will presume every man guilty until he proves himself innocent? And what will he do with all these transgressors when he has caught them? Will he deprieve them of the suffrage, or will he send them to jail? It would really be cheaper to drown them, but we fear the ladies would not consent to this. —(Baltimore Sun.

AGREE TO REUNITE

Louisville, Ky., Jan. 21.—Recommendations of the joint commission of the Methodist Episcopal Church, North and South, that the two branches again be reunited were unanimously adopted late yesterday by the convention here of the 100 or more bishops, pastors and laymen of both churches. The merger plan provided that the unified churches be named the Methodist Church.

The recommendations of the commission will be submitted to the general conferences for final decision. A committee of ten was appointed to prepare the recommendations for submission to the conference.

Under the new constitution of the Methodist Church, there would be a supreme general conference composed of seven regional conferences. Six of these would consist of white members averaging about 1,000,000 members each and the other would embrace the entire negro membership of 303,000.

The general conference, which has governed the churches since their division, in 1840, after a disagreement over the slavery question, will lose some of its power. Regional and local conferences would have entire control of their respective regions, except in general matters. Bishops will be chosen by local conferences, subject to confirmation by the general conference.

A judicial council of fifteen members will review constitutional matters of all conferences, and, in fact, will be the final court of appeals.

PEACE COUNCIL ENDS

Paris, Jan. 21.—The Supreme Council dispersed last night without settling the Adriatic question. Signor Nitti, the Italian Premier, left yesterday evening for Rome and David Lloyd George, the British Prime Minister will depart for England this morning. M. FLU EPIDEMIC IN ARMY

Malady Also Appears Among American Troops in Germany

Washington, Jan. 21.—Influenza has become epidemic in several army camps, particularly in the Middle West, Surgeon General Ireland, of the Army, announced yesterday. It also has made its appearance among the American troops in Germany. While the disease is increasing among the civilian population of the United States, it has not reached epidemic form and Surgeon General Blue, of the Public Health Service, said today there was nothing in the situation to cause alarm.

The malady, as it has appeared both among soldiers and civilians, is of a mild type and the resulting death rate proportionately has been far below that of the wartime epidemic, while the incidence of pneumonia also has been much lower.

Surgeon General Blue said the State Health authorities apparently had the situation in hand wherever the disease had occurred, and in many States it is not prevalent—and that no request for Federal aid had been received. As a precautionary measure, however, Dr. Blue has representatives in these States co-operating with State authorities and a corps of doctors trained in fighting this particular malady is available.

Mexicans Who Kill Americans Unpunished, Witness Avers

San Antonio, Tex., Jan. 21.—After describing one outrage after another which he said he had witnessed, Dr. John Hunter, an American physician of Nogales, told the Senate subcommittee investigating the Mexican situation Monday he never had known of a Mexican being punished for killing an American in Mexico. "There has been no safety for American life or property in Mexico since 1910," he said.

CHINESE DROWN

London, Jan. 21.—Many Chinese were among the 49 members of the crew of the American steamer Macona, drowned when the ship sunk in a storm off the west coast of Sweden, a dispatch from Stockholm said today. Only one man was saved. The crew included 38 Chinese.

LADY ASTOR'S INSTRUCTIONS

Orders "Buck" Langhorne to Vote for Suffrage in Virginia Legislature

Richmond, Va., Jan. 21.—Lady Nancy Astor, M. P., in a letter received by her brother, Representative "Buck" Langhorne, of Albemarle, asked him to work and vote for ratification of the equal suffrage amendment in the Virginia legislature. Langhorne did not commit himself, but it is believed he will support the measure.

The understanding is that Governor Davis will transmit the suffrage amendment to the legislature within the next day or two and meanwhile the pros and antis are marshalling their forces for the fray.

Mrs. John Skelton Williams, wife of the comptroller of the currency, was at the capitol yesterday in the interest of ratification. Opponents of ratification were circulating a letter of the Maryland League for State Defense, setting forth reasons why, in its opinion, the amendment should be defeated.

"It is thought that only a small minority of either men or women in the country really favor the woman suffrage movement," the letter stated.

GEMS BRING $5,000,000

Lausanne, Jan. 21.—The sale of the jewels owned by the late Princess Vera Lobonoff, of Russia, has been concluded, and nearly 1,000,000 pounds were realized. The official figures have not been published, but experts contend that the same jewels sold in London or New York would not have reached such high prices.

IN CONSTANT USE BY PHYSICIANS EVERY DAY

Medicinal Value of S. S. S. Is Fully Recognized.

Almost every human ailment can be traced, one way or another, to impurities in the blood. So you cannot overestimate the importance of keeping your circulation built up, so that your heart will be constantly pumping rich, red, life-giving blood to all parts of the system. Any slight disorder or impurity that creeps into the blood is a source of danger, for every vital organ of the body depends upon the blood supply to properly perform its functions. It is quite true that practically every one is equally exposed to the attacks of disease. You are just as liable to be attacked as the man or woman sitting next to you on the street car. It all depends upon the condition of your blood. If it is thin and impoverished, and has been allowed to reach a low state by the accumulation of impurities, you have not sufficient vitality to resist these germ attacks, and they find a fertile field in your system to spread disease.

Over a hundred years ago the Indians made many excellent remdies and tonic from roots and herbs gathered from the forests.

One of these formulas was handed down to the white man and for more than fifty years has been used as S. S. S. which is recognized as the best known blood medicine on the market.

This fine old remedy is still made as of old from roots and herbs of proved medicinal value. In fact, physicians everywhere recognize the wonderful efficiency of these roots, and they are prescribed in some form or other almost daily.

And now after being in constant use for more than half a century, S. S. S. is more popular than ever. It is sold by practically every drug store in the land, and every druggist is well acquainted with its sterling merit, for they have seen its results.

S. S. S. is a very valuable agent in the treatment of Catarrh, Rheumatism, Eczema, Tetter boils, pimples, skin eruptions, malaria, and other disorders that come from blood impurities.

It is also without an equal as a general tonic and system builder. By its efficacy in cleansing the blood of impurities, it builds up the appetite and gives new life and vigor to the entire body.

George Washington shaved himself

ON occasion. One of these occasions was when his faithful servant allowed his hand to slip—whereupon the General arose in his wrath and shaved the job himself; for the Father of our Country was very properly fond of a good, clean shave.

And in his simple shaving kit may still be seen his equally simple razors. While their model is many hundred years old, they have never been bettered in the matter of *shaving width*, or *right shaving angle* on the face.

At such times when his old servant failed him, Washington would have appreciated the guarded, two edged blade of the Durham-Duplex—he would have found it more than his own.

DURHAM-DUPLEX

A Real Razor—made Safe

Exactly the same shape and balance in the hand that uncounted generations of shavers have brought to perfection—*with these extra advantages:* (1) a *guarded* blade that can't cut your face. (2) a *double-edged* blade for economy's sake. (3) a *detachable* blade for the luxury of a fresh edge at a moment's notice. (4) a *strappable* blade, so that you don't have to throw good steel away. And it's the longest, strongest, keenest, *best-tempered* blade on earth. Seven million shavers have found that the Durham-Duplex gives them more shaving mileage than any other safety razor. HELD UP BY WOMAN BANDIT

Pittsburgh Man Robbed of $7,000 and a Gold Watch

Pittsburgh, Jan. 21.—"I beg your pardon, sir but would you kindly stop just where you are? I have something important to say to you."

These were the words spoken in a low, musical voice that greeted Allen Eidenmiller, secretary of a loan association, Monday night while he was on his way home. A few minutes later the woman bandit had disappeared and with her had gone $7,000 and a gold watch.

The robbery occurred almost in sight of Eidenmiller's home. As Eidenmiller stopped at the request of the woman he was startled to feel the barrel of a revolver poked into his side and the command to remain quiet and natural or trouble was in store for him.

Keeping the pistol in position, the veiled woman drew from Eidenmiller's hip pocket a large wallet, fairly bulging with money and checks he had taken in at a meeting of the loan association. Then she started a conversation concerning the weather keeping the tiny, shining revolver pressed close to her victim.

Eidenmiller was forced to join in the conversation, he said, and after several pedestrians had passed near by the highwaywoman reached into his vest pocket and removed a costly watch.

ELEVEN PERISH IN FIRES

Five Lose Lives in New York, Six in Philadelphia

New York, Jan. 21.—Four men were burned to death, one was killed by a fall and two others were so seriously injured that it is believed they will not recover, in a fire which late yesterday afternoon swept the five-story building at 18 Maiden lane. Three firemen were hurt in fighting the blaze, which for a time threatened to spread to adjoining structures.

The dead and injured are believed to have been employed by Morris Kaplan, a diamond merchant. They were unable to reach the fire escape and the stairway had been consumed by flames.

The fire, it is estimated, caused a damage of $100,000.

Philadelphia, Jan. 21.—Six workmen lost their lives and eight other persons were injured, one of them a fireman, late yesterday, when fire destroyed the four-story furniture factory building of Robert Tarlo & Son, this city. Firemen and police last night were searching the ruins for additional bodies.

The fire started in the engine room about the time the employes were leaving their work for the day. The flames swept so rapidly through the building that workmen on the upper floors were trapped. Three men jumped from windows and were badly injured.

SEES CHEAPER CLOTHING

Assistant Attorney-General Figg Confers With Retailers

Washington, Jan. 21.—Material reductions in clothing prices may be expected from nation-wide adoption by the clothing trade of suggestions put forward by a committee of the National Retail Dry Goods Association, it was stated last night by Edward E. Figg, special assistant Attorney-General, after he had conferred with the representatives of the dry goods retailers.

The suggestions of the retailers which are understood to apply to the retail, wholesale and manufacturing sectors, will be made public tomorrow. One of the retailers' proposals was said to be that the manufacturer stand the entire increased cost due to any future advance in wages, the retailers taking the position that increases incident to wages can no longer be passed on to the public.

Assistant Attorney-General Figg and the members of the special committee of the Retailers' Association in conference lasting throughout the day went into the question of labor, middlemen, brokers, jobbers stabilization of distribution and all other questions affecting clothing prices.

Representatives of the woolen industry are to meet Mr. Figg late this week to thresh out the problem affecting their industry in the Government's compaign to lower the cost of living.

U. S. TOOK NO PART

Washington, Jan. 21.—The United States Government did not join in the request of the Allied Governments to the Dutch Government that former Emperor William of Germany be surrendered for trial before an international court.

State Department officials made it clear that from the outset the United States has opposed any attempt to try the former Kaiser on criminal charges as was long demanded by certain Allied officials. Secretary of State Lansing prepared a report in Paris opposing the trial of Count Hohenzollern on criminal charges, on the ground that no law whatever exists for the prosecution of such a trial.

FOR WORLD'S BIGGEST HOTEL

New York, Jan. 20.—A hotel, owned by between 75,000 and 100,000 persons, is soon to become a reality here. It will be the largest hotel in the world. Over 20,000 persons, coming from all but two States in the country, and from Canada, Central and South America, Europe, Asia and Australia, have subscribed.

The name will be Hotel Commonwealth, and the site already purchased is at Broadway and 55th Street; the building will be 34 stories high, will contain 2,500 rooms and will cost more than $15,000,000.

Owners of stock always will be given preference in the matter of accommodations and, in addition to receiving dividends, will get rebates from any profits that accrue beyond the said requirements in any year.

BLAMES EXCESS PROFITS TAX

New York, Jan. 21.—Describing the excess profits tax as "one of the foundation stones" of "the present intolerable price structure," William B. Colver, a member of the Federal Trade Commission, in an paper read last night before the Purchasing Agents Association of New York, declared that if you knock the whole thing out, the price structure would come down three stories at least." Mr. Colver was unable to speak on account of illness and his prepared address was read by Robert Kane, an attorney of the commission.

For every dollar that gets into the public treasury through the excess profits tax Commissioner Colver estimated that between $4 and $5 was taken from the ultimate consumer in excess prices. Admitting that repeal of the excess profits tax would result in a big revenue loss to the Government, the Commissioner asserted "that plenty of other devices have been suggested by which to raise money." As an instance, he proposed "a reasonable small direct tax that everybody can see, evidenced perhaps by a stamp on gross sales."

The excess profits tax was not intended as a revenue device, Mr. Colver contended.

"The excess profits tax was created as an equalizer in cases of price fixation and for no other reason," he added, "and since prices are no longer being fixed even that reason for its continuance is gone."

Why Women Grow Old More Quickly Than Men

Greater Percentage of Anaemia—Lack of Iron in the Blood—Among Women Makes Them Lose Much of Their Youth, Beauty and Former Attractiveness, And Become Fretful, Nervous and Run-down—

What Women Need Is Not Cosmetics or Stimulating Drugs But Plenty of Pure Red Blood, Rich In Iron

Physician Explains How Organic Iron—Nuxated Iron, Enriches The Blood, Strengthens The Nerves, Builds Up Physical Power and Often Makes Weak, Pale Careworn Women Look and Feel Years Younger.

Look for the woman who appears younger than a man of the same age and you will find the exception to that vast majority upon whom anaemia—lack of iron in the blood has fastened its grip and is gradually sapping the health, vitality and beauty which every woman so longs to retain. In most cases men safeguard their health better than women by eating coarser foods, being more out-of-doors and leading more active lives, thereby keeping their blood richer in iron and their bodies in better physical condition. The very moment a woman allows herself to become weak, nervous and run-down she is placing a drain upon her whole system which overtaxes the power of the blood to renew wasted tissue and keep active the natural life forces of the body. There are thousands of women who are ageing and breaking down at a time when they should be enjoying that perfect bodily health which comes from plenty of iron in the blood, simply because they are not awake to their condition. For want of iron a woman may look and feel haggard and all run-down—while at 50 or 60 with good health and plenty of iron in her blood she may still be young in feeling and so full of life and attractiveness as to defy detection of her real age. But a woman cannot have beautiful ros. cheeks or an abundance of strength and endurance without iron, and physicians below have been asked to explain why they prescribe organic iron — Nuxated Iron — to help supply this deficiency and aid in building a race of stronger, healthier women.

Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital says: "Many a woman who is run-down, easily tired out, nervous and irritable, suffers from iron deficiency and does not know it. I am convinced that there are thousands of such women who, simply by taking Nuxated Iron might readily build up their red corpuscles, increase physical energy, and get themselves into a condition to ward off the millions of disease germs that are almost continually around us. I consider Nuxated Iron one of the foremost blood and body builders—the best to which I have ever had recourse."

Among other physicians asked for an opinion was Dr. George H. Baker, formerly Physician and Surgeon Monmouth Memorial Hospital, New Jersey, who says: "What women need to put roses in their cheeks and the springtime of life into their step is not cosmetics or stimulating drugs but plenty of rich pure blood. Without it no woman can do credit to herself or to her work. Iron is one of the greatest of all strength and blood-builders, and I have found nothing in my experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron.

Manufacturers' Note: Nuxated Iron which is prescribed and recommended above by physicians is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated, does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by all good druggists.

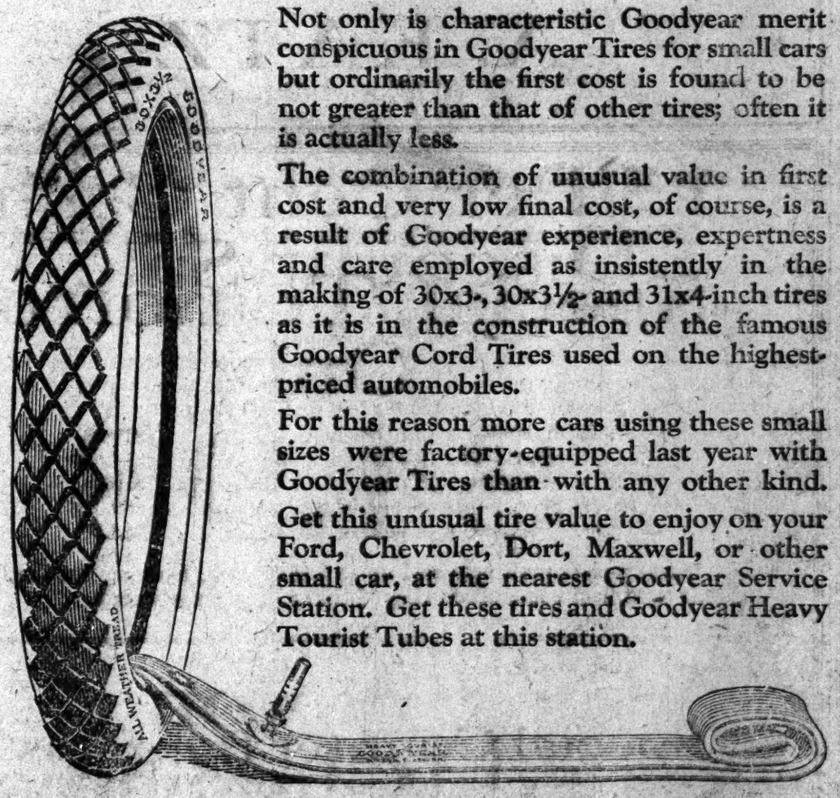
Unusual Value—In Tires for Small Cars



Not only is characteristic Goodyear merit conspicuous in Goodyear Tires for small cars but ordinarily the first cost is found to be not greater than that of other tires; often it is actually less.

The combination of unusual value in first cost and very low final cost, of course, is a result of Goodyear experience, expertness and care employed as insistently in the making of 30x3-, 30x3½ and 31x4-inch tires as it is in the construction of the famous Goodyear Cord Tires used on the highest-priced automobiles.

For this reason more cars using these small sizes were factory-equipped last year with Goodyear Tires than with any other kind.

Millions Need Pepto-Mangan

In Many Homes Better Health is Simply a Matter of Better Blood

Pepto-Mangan Improves Blood

Composed of Approved Blood-Making Elements—Put up in Liquid and Tablet Form

Are you tired and weak and "blue?" Do you say to yourself, "What's the use of living? What do I get out of life, dragging through this drab existence in this unhappy way?"

You don't feel well and you don't know why you have so little energy to do anything, and you get all tired out before it is done. There are millions in busy America that have such feelings now and then, and they are to be pitied. But there is help. Unless some serious malady is at the bottom of their trouble, a few weeks of Pepto-Mangan will work a wonderful change. Pepto-Mangan puts new vigor into the blood, and the blood is the life fluid. With plenty of rich, red blood coursing through one's body one is pretty likely to feel good and vigorous and be strong and look hearty.

Go to your druggist and ask for "Gude's Pepto-Mangan." Be sure to say "Gude's." If "Gude's" is not on the package it is not Pepto-Mangan. It is put up in both liquid and tablet form. Tell the druggist which you prefer. There is no difference in medicinal value.

FIGHT NEW RATES TO SOUTH

Willard Serves Notice on Interstate Commerce Commission

Washington Jan. 21.—Daniel Willard, president of the Baltimore and Ohio Railroad Company, speaking for his own and other carriers delivering export traffic to the ports of Baltimore, Philadelphia and New York, has given notice to the Interstate Commerce Commission and to the Railroad Administration that he and his associates propose to fight the new freight rates accorded to Southern and Gulf ports by Director General Hines. Under these rates Southern ports would be placed on a parity with those of the East in the matter of export rates.

The new system of rates were devised after extended hearings before Judge Chambers. Traffic Director of the Railroad Administration, participated in by more than a score of Senators and Representatives from the South Atlantic States and by commercial representatives from Wilmington, Charleston, Savannah, Jacksonville, New Orleans and Galveston. Former Congressman J. Harry Covington, of Maryland, acted as counsel for the Southern interests.

Mr. Willard contends in his letter to Director General Hines that an uneconomic situation has been created by the new schedule of rates; that they will work a severe hardship on the ports of Baltimore, Philadelphia and New York and that they will wreck the existing freight rate structure of the country.

WILSON RECOVERING

Will be Allowed to Take Motor Rides in Near Future

The assertion that President Wilson, because of ill health, would not be permitted to take an active part in pre-convention political activities, was termed premature, at least, at the White House last night.

Dr. Cary T. Grayson, the President's personal physician, said yesterday that the President was progressing rapidly, and frequently in the last two weeks, accompanied by Mrs. Wilson, has enjoyed long walks in the grounds surrounding the Executive Mansion.

The President, according to Dr. Grayson, is on the slow but steady road to complete recovery. Lately the President has asked Dr. Grayson's permission to take motor rides, but each time the physician has overruled him, because he believed it is better to proceed slowly in all stages of his chief's recuperation.

A motor ride, however, probably will be taken by the President within two weeks, and thereafter gradually he will take a more active part in things—including politics.

COMMITS SUICIDE

Former Postmaster and Deputy Marshal Commits Rash Act

Augusta, Ga., Jan. 21.—John M. Barnes, former postmaster and United States deputy marshal at Thomson, Ga., who nearly a year ago was sentenced to nineteen years at the State farm after being convicted of killing his brother in law, J. O. J. Lewis, committed suicide here yesterday.

Barnes has been in a sanitarium several months, in the custody of a sheriff, for treatment for nervous disorders. Early today he went into a bathroom, stretched himself on the floor and fired a bullet into his mouth.

At his trial Barnes pleaded self-defense. He was found guilty of manslaughter. The case was appealed finally to the Georgia Supreme Court, which last week denied a new trial.

ANTI-STRIKE LAW URGED

Providence, R. I., Jan. 21.—Senator Miles Poindexter, Republican aspirant for the presidential nomination, last night came out unqualifiedly in favor of the anti-strike clause of the Cummins railroad bill.

Speaking here on invitation of Governor Beekman, Senator Poindexter declared "the strike has been adopted as one of the chief weapons of internationalism in the effort to destroy the independence of the nation.

"The one absolutely indispensible agency of modern society is transportation, and the power to preserve it is synonomous with the power to preserve the government and the nation itself from destruction," he said.

"When transportation is tied up for the purpose of enforcing an economic demand, it is a physical attack upon the nation."

EDITORIAL

It has always been the policy of this store to refrain from advertising sales when we felt that there was no cause for them and consequently they have not been frequent.

In these days of high prices, the prices of a great many of our lines have become prohibitive.

We are therefore forced to discontinue quite a few and we wish to announce that on these numbers, we have greatly reduced the prices, some below cost; and we are confident that you will find here bargains of exceptional merit.

STUDIES DRY LAW

Governor Ritchie Aims to Line up Maryland With States Fighting Volstead Act

Annapolis, Md., Jan. 21.—Governor Ritchie is studying the prohibition situation with a view to ascertaining what can be done legally to satisfy the sentiment in Maryland that rebels against the Volstead enforcement act.

This move on the part of the governor came to light yesterday when it was learned that he is not only collecting proposed legislation as it is offered in the general assembly but is also seeking counsel from eminent lawyers in and out of Maryland. Such foes of prohibition as Elihu Root, of New York, and authorities in New Jersey and Rhode Island have not, it seems, been neglected by Governor Ritchie in his search for advice and asssitance.

Great significance is assumed to attach to this move. It means that the governor himself will direct the attack on the enforcement act.

The governor, of course, can do no more than the septiment of the legislature permits, and his action will be controlled by the possibilities, both from a legal and a legislative standpoint.

The move by the governor puts Maryland by the side of New York, New Jersey, Rhode Island and Ohio which through their governors and, in the case of Ohio by direct vote of the people, have expressed antagonism to prohibition.

WOULD KILL MANY

Wholesale Assassinations Next May Day or Fourth of July Believed to Have Been Planned

New York, Jan. 21.—A plot for wholesale assassinations by the distribution of bombs next May day or Fourth of July is believed by the police to have been frustrated by the arrest in two raids Monday of 18 extremists, said to be members of the Union of Russian Workers. Public officials, prominent citizens, agents of the Department of Justice and police were to be included in the "honor list" of proposed victims, it is asserted. The police think the bombs were to have been sent by express or hurled by fanatics.

This information was forthcoming today following preliminary investigation of papers seized in the raids Material for use in the manufacture of bombs, including those of the pipe variety, was found.

The extent of the plot, belonged to have been designed as another bomb demonstration similar to that of last May day when Attorney Palmer and other prominent public men were sent explosive packages through the mail has not been definitely determined. The date for the demonstration was set well ahead and plans were in the preliminary stages of development, it was said.

IMPLICATES TWO WHITE MEN

Victim's Body Gone From Grave to Which Officers Are Led by Jim Lang

Waynesboro, Miss., Jan. 21.—Following the sheriff's announcement that Jim Lang, negro, had confessed to the murder of Cleveland Rowe, a young white man missing since January 4, a score of persons have been searching for the body.

According to the sheriff, Lang implicated Leslie Gandy, 45, and Jim Kelly, of Matherville, both white.

The negro's story, the sheriff said, was that Gandy and Kelly went with him to Rowe's house, took him from bed, carried him two miles in the woods and there murdered him.

About $200 was taken from him. After accompanying the officers to the place where Lang said the body had been buried, traces of the burial were discovered, it is said.

The theory of investigators is that some one connected with the murder removed the body, anticipating the negro's confession. Gandy and Kelly refuse to make a statement.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 10c and 25c.

ROBBERS POCKET MONEY

Petersburg Restaurant's Cash Drawer Rifled

Petersburg, Va., Jan. 21.—Forcing the only waiter in the place against the wall, at the point of a pistol, two well-dressed men yesterday morning shortly after 4 o'clock rifled the cash register of the Petersburg Restaurant, 220 North Sycamore Street, and escaped with all the money in the drawer, $25. No attempt was made to blow the safe.

The men entered the place when the waiter was alone and ordered food. As he started to the kitchen to prepare it, he was confronted with a gun and ordered to throw up his hands. The other robber then went through the cash register. They then threw the waiter out of the building to a rear alley and went down Sycamore Street.

ANOTHER ALEXANDRIA CASE

It Proves That There's A Way Out For Many Suffering Alexandria Folks.

Just another report of a case in Alexandria. Another typical case. Kidney ailments relieved in Alexandria with Doan's Kidney Pills.

N. W. Simpson, 1513 King street, Alexandria, says: "It was a good many years ago that I first had kidney trouble and I got so I could hardly get out of bed. The pain and misery I went through were terrible. My back was lame and so sore I could hardly touch it. It hurt me to bend over and I had terrible headaches. Some days I was so nervous I would shake like a leaf. The kidney secretions were in bad shape. Sometimes they were scanty and then I would have swelling of my feet. My feet would get twice their natural size and I couldn't get on my shoes. I was all worn out and didn't have the ambition to work. A friend told me about Doan's Kidney Pills and I got two boxes at Ashton's Drug Store and took them according to directions. They helped me so much I got three more boxes of Doan's and they entirely cured me. Since then I have worked every day and have been in fine health."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Simpson had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

New Jersey's Attorney General Refuses to Move to Keep Edwards Out of Office

Trenton, N. J., Jan. 21.—State Attorney General McCran announces that he has declined the request of the Anti-Saloon League of New Jersey to institute proceedings in the State Supreme Court to prevent Governor Elect Edward I. Edwards and twelve Democratic Assemblymen elect from Essex county, who were elected on a "wet" platform, from taking office.

He said the facts at this time "did not warrant such proceedings," and that the State Constitution gave the Assembly the sole power of judging the qualification of its members.

PUTTING ON THE FACTORY FINISH
Some shoe repairers do good work repairing a shoe but fall down on the shaping and finishing of it. That's where we shine. We learned our trade where shoes are made and finished in the first place, and so we know how to add that last touch which makes or mars a shoe. When you get our shoe, you'll say, "Looks just like a new one."

When You Think of Real Estate

Just Remember That No One Can Serve You Better Than Agnew.

I believe I can truthfully say that I haven't had a single dissatisfied customer. Indeed most of those to whom I have sold property, have assured me that they could have realized an immediate profit.

I have also apparently satisfied the seller as well, as there has never been a "hitch" of any kind, in any deal I have made.

Whether your desire is to buy or sell, consult me. I promise to transact your business with dispatch.
